## A Few words from Abell Point Marina .. A Major Sponsor of SICYC

On behalf of Abell Point Marina, we would firstly like to congratulate SICYC for the continued great work you do to support Prostate Cancer Foundation

Abell Point Marina which is now under new ownership is now building towards the vision of developing a destination marina. The aim throughout the entire process of redevelopment is to create a wonderful experience for our visitors, and for their time as our guest, to be an event to remember for all the right reasons. This vision will require hard work and the establishment of some good solid partnerships which has prompted the beginning of a relationship with the Shag Islet Cruising Yacht Club.

The SICYC hold the annual Rendezvous every year in the Whitsundays which Abell Point Marina sponsored this year and will continue to do into the future. With the fleets of blue smurfs transiting the region for up to four months of the year and Abell Point Marina forging ahead with its redevelopments, a collaborative agreement with the SICYC is a top priority with a Loyalty Program for all members to be introduced in early 2014. This program will incentivise members of SICYC to utilise the great services and facilities at Abell Point Marina through the offering of some great marina village offers and specials – Exclusive to the non-exclusives. This program will hopefully also help to drive up interest in becoming a member of the SICYC.

Abell Point Marina wishes all members of the SICYC a Merry Christmas and Happy New Year.
